Trylon Data Management Inc

Still doing your own data entry?

Want clean, correct, importable files?

603-643-7772

www.TrylonDM.com

Save time and money: Trylon gives you clean, correct importable files at some of the lowest data entry prices around – even as low as 8¢ each when the finder number is barcoded! Prices are based on the data entered instead of a "one price fits all" standard.

Put Trylon's data entry experience to work for you.

Contact us today for a proposal to fit your needs.

P R O B L E M

GIGO (Garbage In Garbage Out): Whether you use Raiser's Edge® or another fundraising database, what goes in must be clean, or what goes out could turn into a mess.

S O L U T I O N

Clean and tidy: Let Trylon handle your data entry. We computer check all codes for accuracy to ensure clean, correct import into your Raiser's Edge® or other database. We automatically de-dupe with your house file. Plus we create a "nixie" or "kill" file for change of address and returned mail.

Too many cooks: Staff turnover or volunteer entry, coupled with lack of training, can lead to inconsistencies in data entry.

S O L U T I O N

Consistency with every batch: Trylon enters names and addresses to exacting, CASS-certified standards. With consistent formatting standards, our data entry professionals give you years of experience starting from day one!

Into the black hole: The information is here somewhere, but takes time and energy to dig out, verify, record, and distribute.

S O L U T I O N

Checks and balances: Forget to print the appeal ID or fund code? No address given? No zip+4 generated? No problem! Trylon uses the original finder number to retrieve your codes, or find a complete name and address with proper postal code.
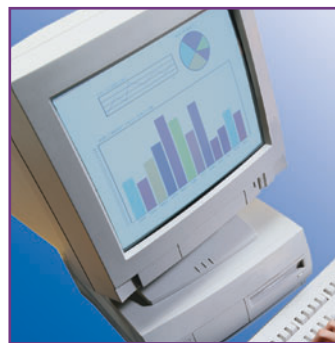

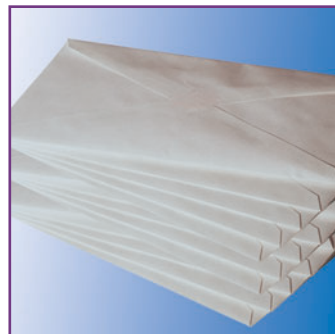

P R O B L E M

Time is money: Your limited time can be better spent on creative development and analysis, not chasing down the misspellings and addresses, fund code or zip+4. Plus your donors deserve fast, consistent turnaround.

S O L U T I O N

Quick turnaround: Trylon automatically generates acknowledgments and/or fulfillment, without delay, customized in every imaginable type of Thank you – letters, cards, packages – to be mailed directly from our data center to your donors.
